Dear Sirs,

At the UCI Management Committee held on 31 January and 1st February 2014 on the point regarding National Federations, information was given on your Federation's current situation with the view to a decision being made.

Members were informed that your lawyer and your Federation told us that you had proceeded with making your statutes compliant and that you elected a President.

Furthermore, in view of the recent documents that we received, it appears that your Federation is now compliant and we can recognise the election of Mr Khosrow Ghamari. The Asian Cycling Confederation was also informed about your case and held the same view.

We are therefore pleased to confirm to you that we recognise the election of 24 August and would like to thank you for your co-operation which has helped to give a positive outcome to this matter.

We look forward to being able to continue to work with your Federation and its elected members in harmony and to focus on development and your athletes' sporting results.

Yours sincerely,

Brian Cookson
UCI President
